## Metro Basic Protection

Bringing your own device or need a budget-friendly option for your wearable or tablet? Our Metro Basic Protection plan lets you keep your device in top shape for many years to come. For \$3 or \$6 per month, per device, depending on the device tier, plus applicable taxes, enjoy coverage for one claim on either loss, theft, or accidental damage during any rolling 12-month period; plus access to the Metro Protection app to manage your plan and file and track your claim. This plan doesn't include unlimited tech support, McAfee® Security for Metro by T-Mobile with ID Theft Protection, and Scam Shield™ Premium. Please see the Deductible/Service Fee and Claim Limits tables for more information.

\* Mechanical and electrical failure coverage begins after the manufacturer's warranty expires.

## How to enroll

You can enroll your device in Metro Protection while making a qualified Metro by T-Mobile device purchase or activation. If you'd like to enroll after, or if you're bringing your own device (BYOD), it must be within 30 days of your device activation and the device will need to pass a visual mechanical inspection at any Metro by T-Mobile store before enrollment.

Enrollment is optional, may be canceled at any time, and isn't required to obtain Metro by T-Mobile wireless service.

Almost all devices are eligible for protection, including smartphones, feature phones, BYODs, tablets, wearables, hotspots, routers, and modems.
